

## K-8th: Fundamentals

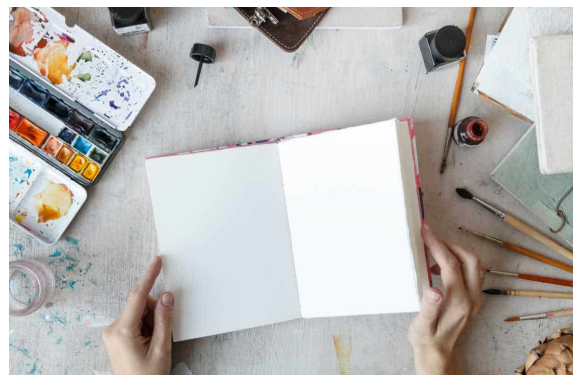

**Lines • Color Theory • Simple Shapes • Proper Material use • Composition •  
Perspective • Advanced Materials**

Students will explore the fundamental skills in drawing, painting, and other materials through the practice and detailed study of multiple styles of art and art history. Students will progress through the skills above according to their age group and previous knowledge. Themes in art history will explore realism, impressionism, surrealism, contemporary art in Montana, nature as art, figure & landscape, and more.

---

## 9th-12th: Creative Journaling

**Students will write, draw, paint, doodle, collage, sketch and more while exploring their personal creative process and rediscovering the joy of creating.**

Dedicated space to creatively play, explore, experiment and release stress, this type of journaling is about self expression and personal exploration. It is meant to be a fun creative outlet to explore, not about making masterpieces. Smile, relax, and enjoy the therapeutic benefits of art journaling. This class will include an independent study component.

## Art Classes for Home Schoolers - 2024
